**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am left with virtually no rational choice for an internet provider...there's only one that meets my needs. There needs to be MORE COMPETITION in the internet access market!! I strongly object to price hikes that will increase the cost of internet and telephone services. I pay too much as it is now. I use the computer quite a bit in various capacities and I support broadband COMPETITION. Less competition, combined with the end of Net Neutrality legislation, will seriously restrict a free, open and decentralized internet in the United States. Don't allow this to happen!
